 Appreciation towards **PRODUCTORA & ESRawe Studio** for providing the following description:

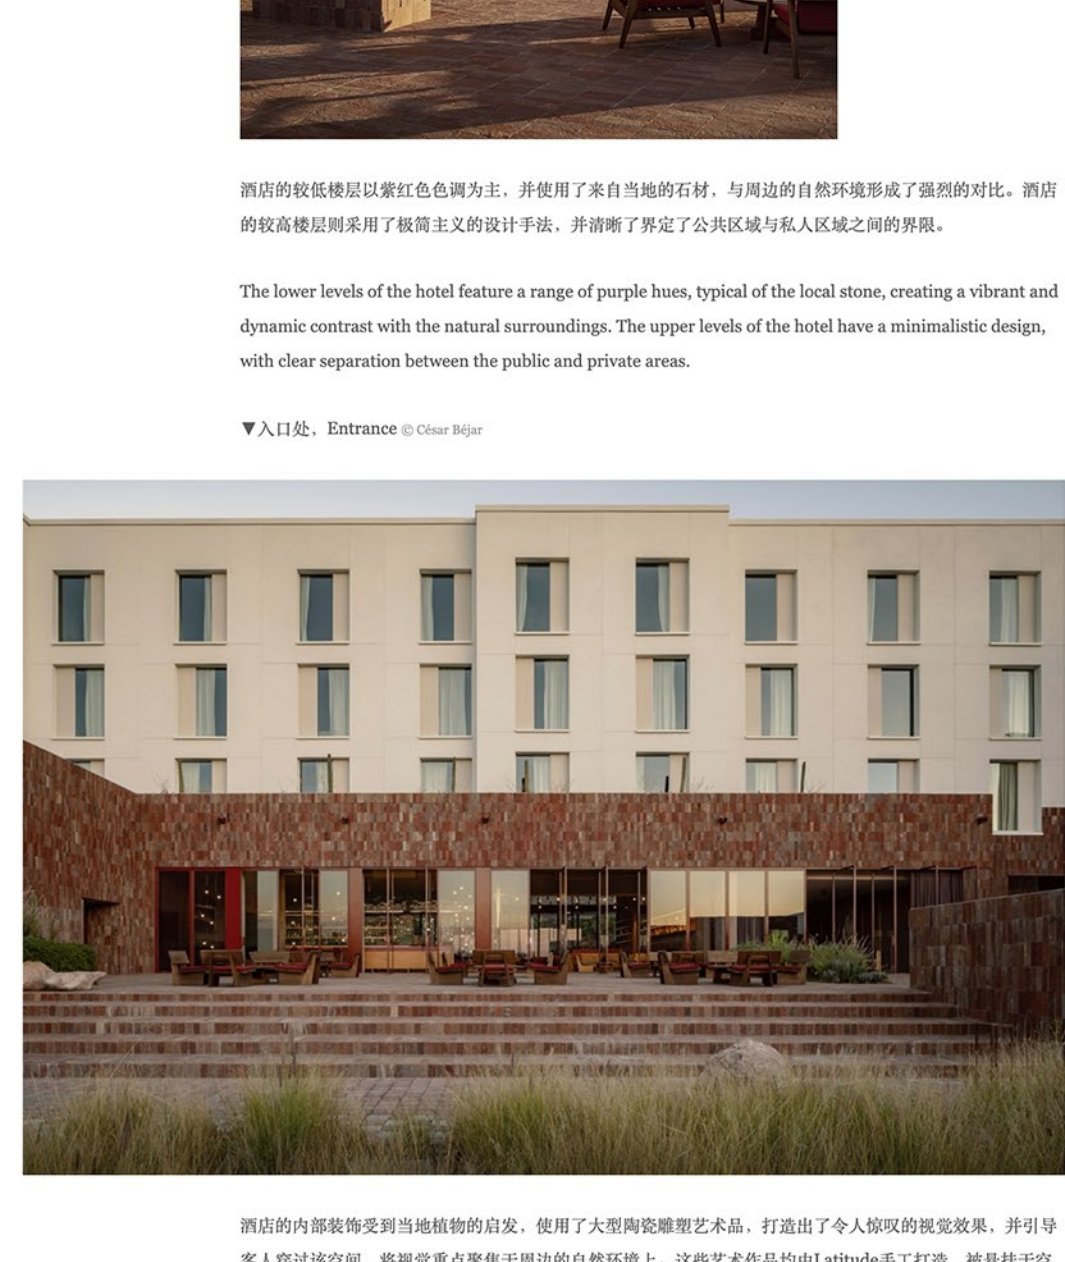

位于圣米格尔德阿连德的Albor酒店建筑与周边的自然环境融为一体。酒店自然地呈现在地形之中，与山谷共同构成了美丽的景色。酒店建筑的石质地基灵感源于山脉的内部结构，其外观则有非凡的质感和丰富的色彩。

The architecture of Albor Hotel in San Miguel de Allende effortlessly integrates with the surrounding natural environment. The hotel emerges naturally from the terrain, framing a beautiful view of the valley. The hotel's stone base is inspired by the mountain's interior, featuring a textured and colorful appearance.
