The Loma Apartment, Mexico City, Mexico

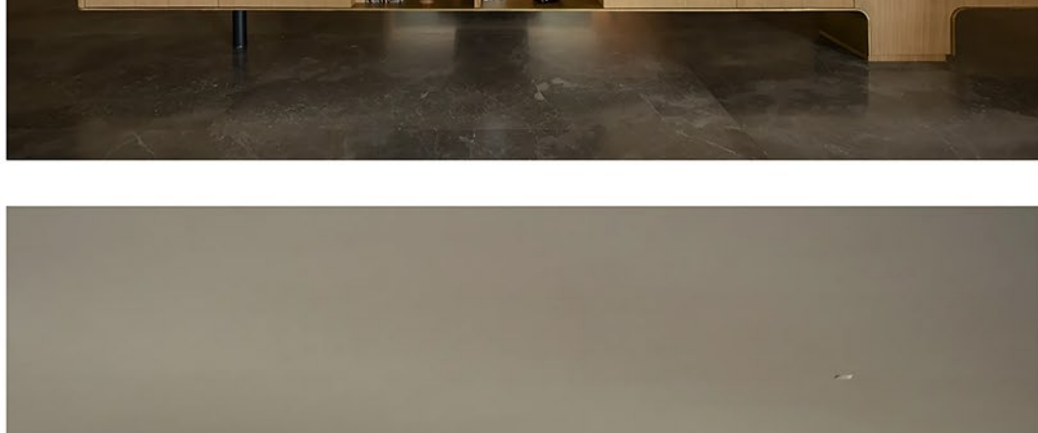

墨西哥市 山丘公寓

Esrave Studio

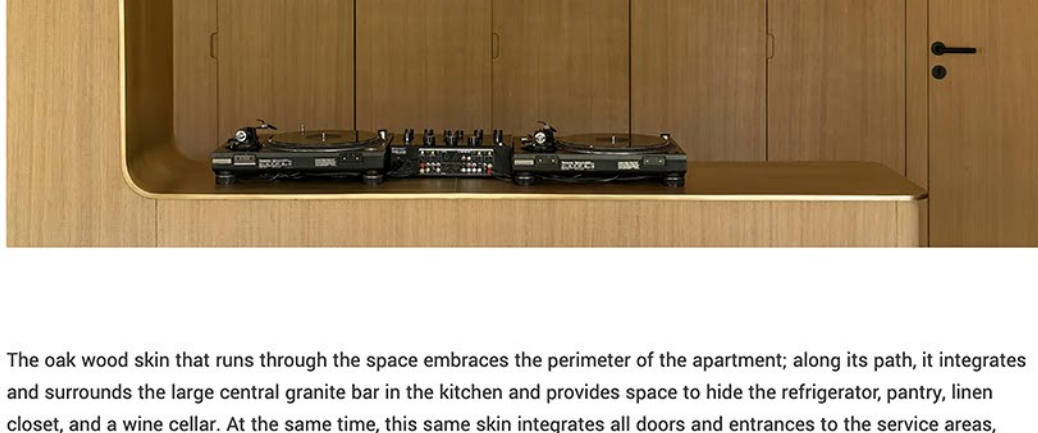

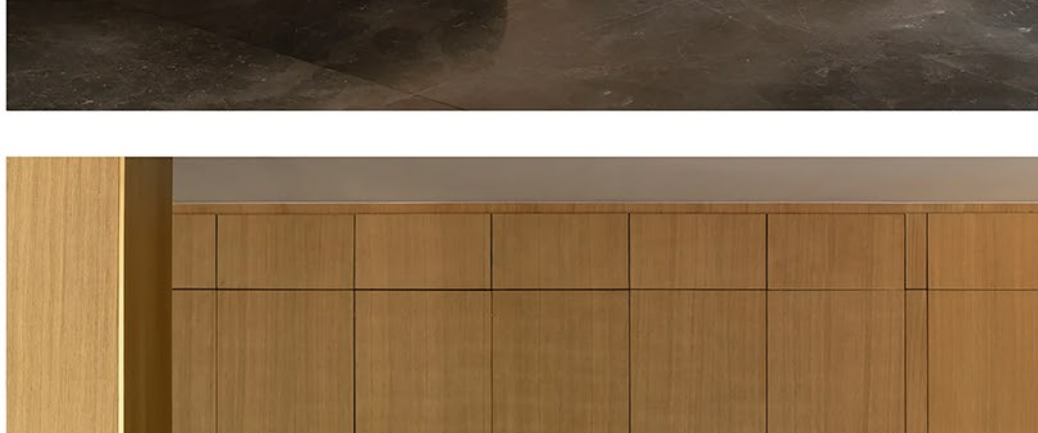

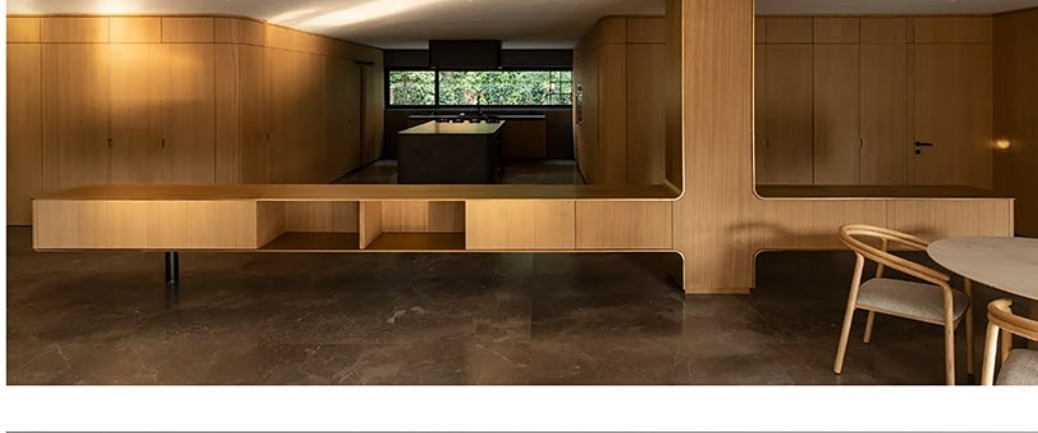

Located on the west side of Mexico City, the architectural program consists of a living area, kitchen area, service area, and two bedrooms with private bathrooms. The west façade of the apartment opens towards the views and sunsets of the forest, offering a constant connection to nature. The proposal is born from the dismantling of the original partitions and walls of the space, creating a new open configuration that is continuous and primarily oriented towards the views of the forest.

此案位於墨西哥城西方，空間布局劃分為客廳、廚房、公領域、兩間含衛浴的臥房。建築西側外牆迎著自然景色、日落及森林，建立房屋及大自然間緊密的連結。本案設計規劃源於拆除空間中原有的隔板與牆面，以形成全新開放式連貫格局，進而面向森林景觀。

A brass and wood console that articulates and integrates the social area. Its sculptural expression triggers the operative relationship of the space, defining the leading gesture of the project, and becoming the element that houses books, vinyl records, and a space for a turntable.

設計案中可見的柱子融入黃銅和木皮設計，縱向貫穿空間，串聯整合社交區域。柱子雕塑般的外觀不僅激發空間的使用，確立為此案亮點的同時，成為儲放書本、黑膠唱片及唱盤的部件。

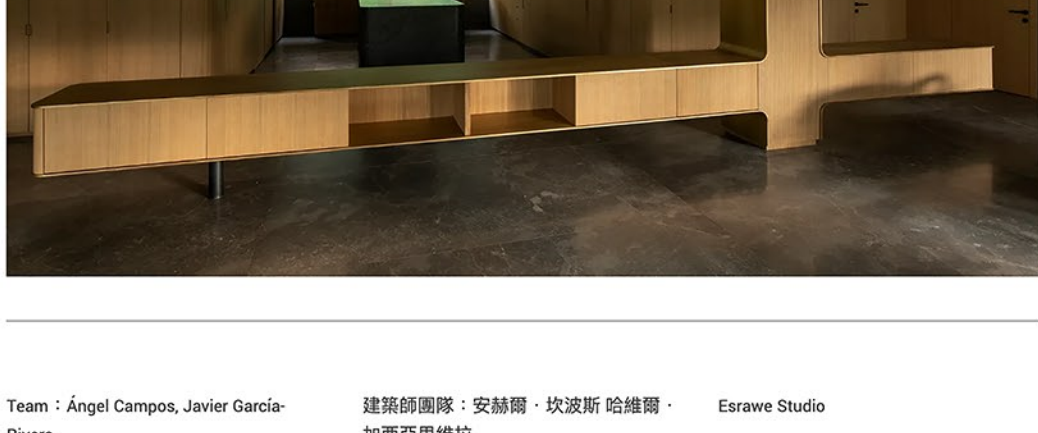

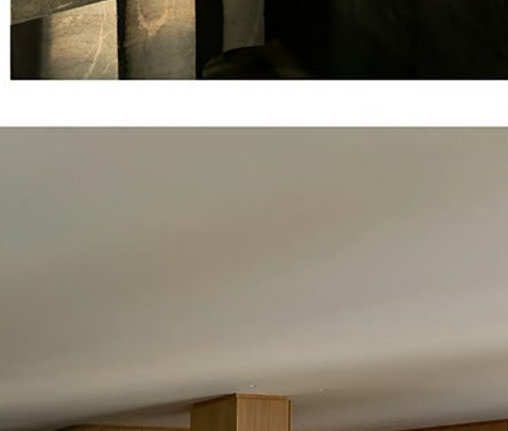

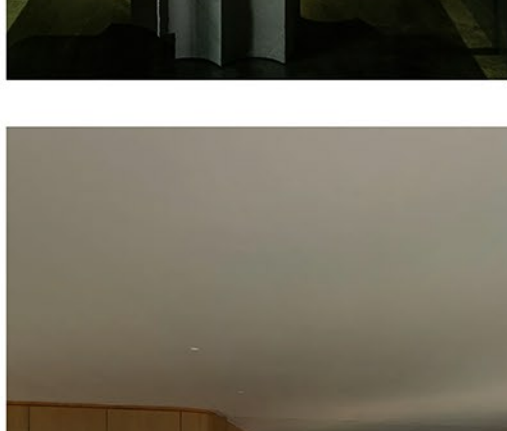

The oak wood skin that runs through the space embraces the perimeter of the apartment; along its path, it integrates and surrounds the large central granite bar in the kitchen and provides space to hide the refrigerator, pantry, linen closet, and a wine cellar. At the same time, this same skin integrates all doors and entrances to the service areas, creating a visual, warm, and tactile continuity that travels all the way to the master bedroom. The floor and side walls in marble provide the space with a sober and contemporary atmosphere.

The guest bathroom has a unique stony feeling; its floor and walls in green quartzite host a sculpture in green Tikal marble that serves as a washbasin, a piece designed in collaboration with EWE Studio.

橡木木皮環繞整個空間，包裹公寓的每個角落；順著動線路徑，圍繞廚房中央的花崗岩中島，創造隱藏冰箱、櫥櫃、壁櫥及酒櫃之空間。另外，木皮包覆所有門扇至公領域入口，打造溫暖視覺質感的連貫延伸至主臥室。

大理石地板及側壁為空間營造沈靜現代的氛圍。客用浴室有著獨特石感；綠石英岩地面與牆壁，烘托與 EWE Studio 合作設計的瓜地馬拉綠紋大理石洗手台。
